### GEORGE RUTHERFORD BRITTON

1876-1947

In the death of George R. Britton, Wolfeboro lost a valuable town official and a loyal citizen.

He was born in July, 1876, the youngest of three sons of John and Margaret (Macauley) Britton, and died February 23, 1947.

He attended the town schools and was graduated from Brewster Academy in 1896.

Always interested in sports, he played on the first football and baseball teams of the school, and later was an enthusiastic attendant at its games.

For several years he was employed by the American Express Company in Portsmouth, later going to Somersworth where, in 1910, he married Bertha Alma Kennedy of Machias, Maine. Mrs. Britton died in 1939.

Returning to Wolfeboro, he ran the Henry B. Furber Meat Market which later became "Barry's Market."

Afterward he again worked for the Express Company, and was employed in various other capacities.

A veteran town official, he was elected treasurer in 1916, serving until 1937 when he became a member of the Board of Selectmen, and at the time of his death was its chairman. For nineteen years of that time he was Superintendent of the Water Department. He took great pride in the interest shown in his native town by the outside world, and helped in the preparation of an illustrated article featuring its qualities, which was later printed in the New York Times.

He was a member of St. John's Lodge, F. & A. M. and Washington Chapter, R.A.M. of Portsmouth, St. Paul's Commandery K. T. of Dover, and the N. H. Consistory, 32nd Degree of Nashua.

# 1947 ANNUAL REPORT

This Annual Report of the Officers of the Town of Wolfeboro is designed to give you, the voters, a clearer picture of the condition of the town at the close of the fiscal year, on December 31, 1947. An attempt has been made to group the information in logical order, to cut out duplication as much as possible, and to simplify the many figures and tables needed to describe the financial condition of the town.

The reports are arranged in the following order: the Selectmen's Report, in which the aims and accomplishments of the past year are briefly discussed, together with a report on the general financial condition of the town; the Budget Committee's report; the reports of the financial officers of the town (town clerk, tax collector and town treasurer), with the detailed statements of income and disbursements; and the reports of the various service departments of the town.

We sincerely hope that the improved make-up of this 1948 report will prove both helpful and interesting to the voters.

# REPORT OF THE SELECTMEN

The past year of 1947 saw several projects completed, which had been delayed previously because of the shortage of manpower and materials. One of these was the new board walk at the town wharf, which was completely rebuilt this year, under authority granted the selectmen at the 1946 town meeting. Other improvements, as described in the reports of the various town officers, included the construction of cement sidewalks on Glendon Street, the widening of roads at North Wolfeboro, continued widening and grading of Forest Road on Wolfeboro Neck, and improvements on many other roads. The Parks and Playgrounds Commission continued to improve the recreational facilities of the town, notably the public beach and the ski slope.

The Highway Department received some valuable new equipment which had been on order for some time, including a Caterpillar tractor and a Ross snowplow, and a heavy truck and plow, as well as other new trucks and equipment.

## THE 1947 TOWN MEETING

This year, the time of the annual town meeting was changed from afternoon to evening, to encourage a larger attendance. This change, together with an interesting contest for selectman, filled the Brewster Memorial Hall to overflowing. The Australian type of ballot was used, for the first time in strictly local elections, under mandate of the 1946 annual town meeting; the number of votes cast was unusually high.

The business of the meeting was disposed of without much discussion. The recommended appropriations of the Budget Committee were approved in their entirety, with the exception of the addition of \$30.00 to the \$300.00 recommended for the improvement of the ski slope.

Under Article 6, the selectmen were authorized to borrow by serial notes a sum not to exceed \$4,000 for the completion of Forest Road, and this full amount was subsequently borrowed, as shown in the Statement of Town Debt on page 13.

Under Article 7, the selectmen were authorized to borrow by serial notes a sum not to exceed \$5,000 for the Harriman-Hale Post No. 18 of The American Legion, as per Chapter 51; Sec. 4, Subdivision 10 of the revised laws of the State of New Hampshire as amended in 1945. This constituted a town memorial to the Wolfeboro men and women who served in the two world wars, and was used by the local post to help defray the expenses of extensive alterations made on the Legion Home at Wolfeboro Falls. The photographs on pages 75-76 show how this money was used.

Under Article 8, the selectmen were granted authority to purchase the Clark property in the rear of the bathing beach, and subsequently paid \$500 for this lot, which lies between the public beach and Clark Road. The land is not being developed at the present time, but being held for future use.

Article 9 granted the selectmen authority to hire necessary money to pay expenses, in anticipation of expenses, as is done every year.

Article 10, in regard to authorizing the Selectmen to secure the assistance of the State Tax Commission in reappraising taxable property in the town, was passed over. The selectmen have, however, reappraised much of the property in the town, in order to equalize the valuations.

Under Article 11, the town voted to ask the State Tax Commission to have an audit made by the Division of Municipal Accounting, and appropriated \$200 to cover the expense of the audit. This audit was made between October 2 and 15th, and a complete report later sent to the selectmen and other town officers whose books were audited. The letter of transmittal which accompanied their report is published in this town report, as required by state law, on page 77. The audit covered all of 1946, and 1947 up to September 30th. We have also included in this annual report copies of three tables supplied in the audit report, which we feel are especially valuable to the voters. Table I, on page 82, shows at a glance the comparative balance sheets for 10 years; Table II, on page 82, gives a comparative statement of indebtedness, valuation and taxes over the same 10-year period; and Table III shows the comparative statement of taxable valuation and taxes assessed over those 10 years.

Under Article 12, to decide what action the town should take regarding the bequest of the late Josephine M. Rust of the Avery field for a park at South Wolfeboro, some confusion resulted when it was learned that no one knew the whereabouts of said field, but it was voted to accept the bequest. The location of the field has since been positively identified as along the brook on the north side of the main road. No further action has been taken.

Article 13 was "To see if the Town will vote to rescind the action taken under Article 18 of the Warrant for the Annual Town Meeting held the second Tuesday of March, 1935, and that the Selectmen shall serve as the Budget Committee of the Town." This article was passed over.

The total appropriations voted at the 1947 annual town meeting gave the town a tax rate of \$3.38 per \$100 valuation, and a precinct tax rate of \$3.83 per \$100. This was based on a total taxable valuation of \$3,795,139, as shown by the following inventory listing.

# REPORT OF BUDGET COMMITTEE

*To the Legal Voters of the Town of Wolfeboro:*

Your Budget Committee submits the following report and the Budget for the Town of Wolfeboro for the year 1948.

The following items are the recommendations to be acted upon at Town Meeting, March 9, 1948.

General Government	\$8,475.00
Protection of Persons & Property	8,707.00
Health Department	8,825.00
Highway Maintenance	33,000.00
Highway Construction	4,258.30
Sidewalks	500.00
Street Lights	3,000.00
Libraries	1,350.00
Public Welfare	5,600.00
Memorial Day	150.00
Public Service Enterprises	805.00
Interest	1,172.00
Payment on Debt	9,000.00
Recreation	3,350.00
Wharves	1,000.00
Total	<hr/> \$89,192.30

Payments to the Other Governmental Divisions, in addition to the above list:

County Tax	\$20,000.00
Precinct Tax	15,620.73
School District	64,805.00
Total	<hr/> \$189,618.03

## PUBLIC HEARING

A Public Hearing of the Budget Committee was held at the Carpenter School on January 19th as advertised in the Granite State News.

## TOWN DEBT

During the year the Town Debt was reduced as follows:

Refunding Bonds	\$3,000.00
Highway Construction Notes	2,000.00
Highway Equip. & Wharf Notes	1,000.00
Sewer Bonds	3,000.00
Water Bonds	3,000.00
Total	<hr/> \$12,000.00

Increases in the Debt were made as follows:

Forest Road Notes	\$4,000.00
Wharf Notes	9,000.00
Highway Equipment Notes	9,000.00
Harriman-Hale Legion Post	5,000.00
	<hr/>
Total	\$27,000.00

See page 13 for detailed statement of outstanding Bonds and Notes. We recommend that serial notes not to exceed \$3,000.00 be issued to make necessary repairs on the seawall along the wharves at Lakefront Park.

Also, we recommend that a sum of money necessary be borrowed on serial notes to construct a permanent road on Whitten Neck to the property of Roy Nelson.

### HIGHWAYS

In addition to the Whitten Neck Road, we recommend the following expenditures for road construction, funds for which are included in the Budget:

Clark Road	\$500.00
Cotton Mountain Road	500.00
Tilton Road	500.00
Mary Varney Road	300.00
Cropley Hill Road	350.00
Grove Street	290.00
Dallas Road	500.00
Pleasant Street Extension	500.00
	<hr/>
Total	\$3,440.00

The Budget Committee recommends that the Highway Agent repair, reset and repaint the silent policeman at South Wolfeboro.

The Budget Committee recommends that the Selectmen inquire into the cost of resurfacing the wharf area and, if it is possible to finance this project from the Summer Maintenance appropriation or other unexpended funds, that they be instructed to do so.

### SCHOOLS

The cost of maintaining our schools up to desired standards increases each year.

The School Board finds it necessary to pay higher salaries to teachers

in order to attract and to retain a faculty of satisfactory qualifications. The Budget Committee concurs in this policy.

The cost of tuition for town students attending Brewster Academy will be \$10,000.00 this year.

Other items in the school budget for which costs are materially increased are fuel, supplies and teachers' retirement costs. The total Budget will be \$80,350.00. To help offset this cost, approximately \$15,000.00 will be received from the state under a law enacted by the 1947 Legislature, and \$545.00 will be received from miscellaneous income.

We recommend a net appropriation to the School Board of \$64,805.00.

### REFUSE AND GARBAGE COLLECTION

The Committee appointed by the moderator at the last Town Meeting has submitted its findings and recommendations which will be found on page 70 of this Report. Accordingly the Budget Committee recommends that a permanent Commission of three citizens be established to be appointed by the moderator, one to be appointed for one year, one for two years and one for three years; their successors to be appointed for a term of three years; this Commission is to be known as the Department of Sanitation, and shall perform its duties in cooperation with the Board of Selectmen. In order to carry out the purposes of the Committee, we recommend an appropriation of \$4,400.00 which is incorporated in the Health Department Budget.

The Budget Committee extends thanks to the Town, school and precinct officials whose cooperation has made the preparation of this Budget possible.

Respectfully submitted,

H. H. HART, *Chairman*

### WOLFEBORO BUDGET COMMITTEE

A. Cooper Ballentine, *Clerk*, Robert F. Thurrell, George Thibodeau, John D. McHugh, Howard C. Avery, John C. Kimball, Roy Nelson, Jesse H. Gould, Dr. James E. Bovaird and Wayne Parkhurst.

## Wolfeboro Water and Sewer Department

### SUPERINTENDENT'S REPORT

#### WATER DEPARTMENT

During the past year in the Water Department we have done much more new work than in the last few years.

At South Wolfeboro we replaced the old one and one quarter ( $1\frac{1}{4}$ ) inch pipe—running from the residence of Maurice Shea to John McBride's residence, with six (6) inch cast iron Universal pipe. One new hydrant was installed on that line.

At Wolfeboro Falls, we extended our six (6) inch main from Moody's ice house, sixteen hundred (1600) feet to the "Allan A" property. One new hydrant was also installed on that line.

On Clark Road we had to install two hundred and fifty (250) feet of one and one-quarter ( $1\frac{1}{4}$ ) inch pipe, to the residence of Walter Thompson.

On Elm Street, at Wolfeboro Falls, we had to replace two hundred and thirty (230) feet of one and one-quarter ( $1\frac{1}{4}$ ) inch pipe, as the old pipe was filled with rust.

One more new hydrant was installed at Goose Corner.

During the year the Water Department added nineteen (19) new customers and replaced fifteen (15) old service pipes with copper tubing.

Due to the shortage of water on North Main Street and Brewster Hill, the Water Commissioners recommended very strongly that there should be no more extensions added to the system until this situation is remedied, which we hope will be in the very near future.

#### SEWER DEPARTMENT

In the Sewer Department there has been very little new construction work done during the last year.

Nine (9) new customers were added to the system during 1947, making a total of 248.

Several more of the old sewer pipes were replaced with the new Orangeburg pipe, which is highly recommended by the State Board of Health.

Due to the sanitary conditions, the trickling filter beds at the Treatment Plant had to have two (2) treatments of caustic which was due to reasons beyond our control.

The buildings on Factory Street and at the Treatment Plant were all painted during the past year; also both Pumping Stations received one coat of paint.

By constant treatment of the Imhoff tanks, we have reduced the amount of lime used, to approximately 150 lbs. per year.

We are always glad to welcome visitors to inspect our Pumping Stations and Treatment Plant at any time.

Once again, I wish to thank the citizens of Wolfeboro as well as all members of the Water and Sewer Departments for their splendid co-operation during the past year.

CHARLES LUCAS, *Superintendent*

WOLFEBORO BUSINESS SECTION

# **PUBLIC SERVICE AND RECREATION**

## **Report of the Parks and Playgrounds Commission**

### **BATHING BEACH**

The Beach was enlarged during the year to accommodate the increased number of adults and children that use it daily. Further expansion will be made in 1948.

It became necessary to have two life guards on duty each day, thus allowing one to give her constant attention to the children, teaching them to swim and looking out for their safety. The extra attendant was partially financed by the Wolfeboro Chapter of the Red Cross to whom the Commission extends the thanks of the Town.

The guards were Miss Beatrice Horne and Miss Eleanor Johnson, both of whom hold American Red Cross Life Saving Certificates.

We were able this Fall, owing to the low level of the lake, to remove from the sand at the so-called Carry Beach on Forest Road the accumulation of many years of leaves and old logs, etc. thus making this popular beach more attractive. There is no attendant at this beach.

### **SKATING RINK**

Both skating rinks were kept open during the year thus enabling the hockey team to have the large rink a part of the time. This winter (1948) the School Board has built a rink back of the Carpenter School for children, which is much better for them and is supervised; therefore we did not open the small rink.

**LAKE SHORE PARK**

## PARKS

We as usual kept the Lake Front Park attractive and have ordered new benches. This park is becoming more popular each year and is indeed an asset to the Town. We hope to beautify Clark Park during the year. There are several other spots in the town that should be beautified. Suggestions will be greatly appreciated.

## SKI SLOPES

This year the Commission leased, with the approval of the Abenaki Outing Club, concession to operate the Ski Tow and Lodge at the Slope to Mr. Wallenfels and Mr. Grueter with the understanding that the use of the slope and trails will be free to any one, they to only charge for the use of the Ski Tow and food at the Lodge. Owing to the increased interest in skiing and the crowded conditions of the slope, it becomes necessary for us to make further clearances to enlarge it if we desire to promote this growing Winter sport.

# Wolfeboro Town Library

## REPORT OF THE LIBRARIAN

*To the Board of Trustees of the Wolfeboro Town Library:*

Gentlemen:

The report of the librarian for the year ending January 1, 1948, is herewith presented.

The year has been marked by many and unusually varied requests for books. The increase in the number of new residents and the return of war workers and veterans not only increased the circulation of books but determined to a great extent the types of books purchased. For instance, the increased interest in all of the arts, fine and useful, made it necessary to add more books on the subject. Veterans and students are more and more interested in making a study of the opportunities open to them. If this information is not available at the library, books are borrowed from the State Library, a service which proves more and more useful and valuable to our library.

It has been unusually busy in the children's department, there being a noticeable increase in the circulation of children's books and in the number of borrowers, due to a great extent to the excellent cooperation of the teachers.

During the year the library received a very generous and substantial bequest from the estate of Mrs. Grace Basford, who for many years was a summer resident of Wolfeboro. Then, too, many valuable gifts of books have been given to the library. For all of these gifts the librarian expresses thanks and appreciation.

The circulation for the year has been 22,560 books and magazines of these classes: fiction, 12,537; non-fiction, 4,006; children's books, 6,017. Three hundred and forty-eight new cards have been issued. The largest day's circulation was 155 books and the smallest nine.

This year 586 books have been added to the combined libraries. Of these 136 were contributed.

## Report of the Forest Fire Warden

### FIRE RECORD

Number of fires	6
Acreage burned	14.75
Number of fire permits issued	130

Nineteen hundred forty seven was one of the most dangerous Forest Fire seasons we have ever had. However, Wolfeboro had only two fires that might have been serious at that time. Recognizing the extreme hazards, the Department had made all the preparations it could and helped by the prompt response of the fire fighters to the alarms, kept the damage and acreage burned to a minimum.

The Warden and Deputies wish to express their appreciation for the help rendered by everyone during the fire emergency, especially the Students and Faculty of Brewster Academy.

### HELP PREVENT FOREST FIRES IN 1948

The State, Counties, and Towns are doing all that they can in the line of prevention but theirs is only a small part compared to what each individual can do to make this one of our best fire-record years. This will not be difficult to do if every person will be—

1. Extra careful when smoking in or near woodland.
2. Sure they have a written permit to burn brush, grass, or debris when the ground is NOT covered with snow.
3. Cautious in the use of outside fire places and incinerators and have permits for same.
4. Positive that all out-door fires are completely extinguished before leaving.

5. Careful not to throw burning materials such as cigars, cigarettes, and pipe ashes from moving vehicles.

6. Prompt in reporting any suspicious SMOKE or FIRE to the Forest Fire Warden.

By following these few safety precautions we can PREVENT the greater part of the human causes of FOREST FIRES.

# PUBLIC HEALTH

## Health Officer's Report

During the year 1947, the general health of Wolfeboro continued to be maintained at an above-average level with the occurrence of no epidemics of serious diseases. This bears testimony to the high quality of our water, milk, and food supplies; as well as to the sanitary manner in which they are handled by the individuals connected with such services. Periodically, as is customary each year, samples of milk and water were examined in the laboratories at the State Board of Health and a good report was obtained in each instance.

Only one case of infantile paralysis, otherwise known as poliomyelitis, occurred in the immediate vicinity. This was a young married woman from Melvin Village, whose case was accurately diagnosed by aid of the splendid, modern facilities at Huggins Hospital where a well-equipped standard laboratory and registered technician are available. This case was of a serious nature and had to be referred to the Elliot Hospital in Manchester, New Hampshire for treatment in an "iron lung," or respirator. The heavy expenses connected with such cases are taken care of by the local allocation of March of Dimes' contribution funds plus any additional, necessary moneys from the National Foundation of Infantile Paralysis. No Polio victim need go without adequate medical, surgical and hospitalization care during the early, acute stages, or for rehabilitation treatments afterwards, because of lack of personal funds since the Foundation has adequate finances to help all needy victims.

Careful, thorough physical examinations were made of all Wolfeboro and Tuftonboro school children in the able hands of Harold E. Gregory, M.D., assisted by Dencie Ward, R.N. and school personnel. This is a fine program which it is hoped will be carried on from year to year, for, in this manner, unknown, correctable defects are found in the children, and, in many instances, such can be remedied when found so early, thus preventing later individual disabilities.

Orthopedic clinics under Dr. A. Philip LaFrance, specialist in this field, with the cooperation of the Public Health Nursing Association of Wolfeboro and the Crippled Children division of the State Board of Health, were held at regular intervals at Huggins Hospital. Through these clinics, structural and functional defects in the children are recognized and proper steps instituted for their correction.

The Sanitation Committee, composed of Henry Stevens, Jesse Gould, and P. R. Candage, with Wayne Parkhurst, representing the Selectmen, and W. J. Paul Dye, M.D., Health Officer, in advisory capacity, as appointed by Moderator, Robert F. Thurrell, held several meetings and gave considered thought to the question of garbage and waste disposal.

The general opinion was that eventually an incinerator be erected and maintained for this purpose, but that such was not feasible because of the high cost of construction at this time, although this is the best method of such disposal. It was agreed that it be recommended to have a man and truck in full-time employ to handle and cover daily the garbage dumped at the designated spot off the Pine Hill Road, access to which would be enhanced by cutting through and maintaining a two-lane road thereto; garbage to be dumped at this area during specified periods by individuals and private collectors. The Back Bay area should be re-

served for non-garbage waste only, with the establishment of a grade, to which the whole area should be built-up in order to eventually develop there a spot of beauty and recreation. The earnest cooperation of all citizens is requested for the benefit of the town and of themselves in carrying out this program according to the regulations that will be established.

Respectfully submitted,  
W. J. PAUL DYE, M.D., F.A.C.S., *Health Officer*

## **Report of the Sanitation Committee**

This committee was appointed by the moderator, Robert F. Thurrell, at the 1947 town meeting, to study the problem of garbage and rubbish disposal, and makes the following recommendations.

After many meetings, and hours of study and discussion, we feel that the ideal method of waste disposal is incineration, but due to the prohibitive building costs of today, we feel that this is out of the question for the town at this time.

We as a committee are cognizant of the fact that there are many of our tax payers who would like to have the town pick up all garbage and rubbish. At the present time there are several privately owned trucks operating this business, charging a reasonable weekly or monthly fee. Should the town take over this expensive operation, this committee feels that we would be interfering with private enterprise.

Our aim is to recommend a plan involving the smallest expense that will make the Back Bay rubbish dump and the Pine Hill garbage dump acceptable to our Wolfeboro Health Officer, as well as the State Board of Health.

In order to put our recommendations into operation, there should be established a Department of Sanitation. This department will require one used truck with dump body, which may be obtained from the Highway Department at no cost. This Department should hire a man to operate this truck and be given supervision of both dumps. This man would haul fill for covering, and maintain a good road to the point of dumping.

Anything that can be salvaged, such as cartons, waste paper, old iron and anything else of scrap value, should be saved and sold, to help defray the expenses of the Department.

We recommend that our Selectmen draw up an ordinance governing these two dumps, establishing the hours of dumping. These hours, and a copy of the ordinance, should be posted on a sign at the entrance of each dump. There should be no dumping within the boundaries of Wolfeboro other than at these two dumps, except in such cases as may be approved by the Wolfeboro Health Officer. We recommend penalties of \$10.00 for the first offense and \$25.00 for any subsequent offense.

THE PINE HILL DUMP is for garbage and dead animals only. The road must be widened to permit cars to pass, and to make room for snow removal. A good gravel road should be maintained throughout the year by the Sanitation Department truck and driver. The dumping area must be cleared of trees, so that there will be plenty of room to dump garbage and so that large trucks may maneuver easily. If the terrain is level, this may be overcome by building a gravel ramp four or five feet in height so that garbage will be dropped over this embankment. The fresh garbage must be covered daily with sand or gravel. It will not be

possible to man this dump all hours that it is open for dumping, but penalties will be applied to all who do not abide by the regulations.

THE BACK BAY DUMP is for all rubbish except garbage and dead animals. This dump would be manned during all hours that dumping is permitted. A portable building should be erected near the dumping area for the salvage of newspapers, magazines, corrugated paper, rags, old iron, brass, lead, copper, etc. It is our belief that there is enough to be salvaged on this dump to partly pay the wages of one man. The building (perhaps a Quonset Hut) must be tight so as to keep papers and rags dry.

A good gravel road must be maintained at all times, free from broken glass, tin cans, etc., by the Sanitation truck and driver. Gravel should be applied to this dump daily to help prevent settling of this area in time to come, also to keep loose papers from blowing over town.

We recommend that the Selectmen should establish the height of the finished grade for this area. When this grade has been established, the sanitation truck should start on this dumping area at Center Street and fill up to the grade line, and gradually work the entire width of the area toward the railroad tracks.

If these recommendations are adopted, our town will receive two definite benefits:

(1) A healthier community by rigidly controlling our dumping areas. This must be done to comply with local and state health requirements.

(2) The conversion of one of the biggest eye sores in our community to a beauty spot and playground.

#### *Estimated Cost of Project*

Used truck to be turned over by Highway Department at no cost.

Maintenance and operation expenses of truck	\$250.00
Man to operate truck and supervise dumps	2,000.00
Attendant's wages	1,500.00
Gravel	50.00
Signs and gates	100.00
Building	500.00
	<hr/>
	\$4,400.00

In 1946 we spent \$1,700.00 and in 1947 we spent \$1,200.00. This does not include the man who has been on the dump and the hire of other work done on the dumps. And at this time one of the dumps cannot be driven into.

At this time the prices of dump salvage are as follows:

Corrugated cartons, flat and tied or baled	50c cwt.
Newspapers and catalogs	20c cwt.
Magazines	70c cwt.
Rags.	3c lb.
Burlap	1c lb.
Old iron	50c cwt.

Other metals, including car radiators and batteries at current price.

Beginning in February, 1947, there has been an orthopedic clinic, sponsored and staffed by the Crippled Children's Services of the State Department of Health in cooperation with the local nursing service, held in Wolfeboro. This clinic is held bi-monthly at Huggins Hospital, and there has been an average attendance of twenty, including some patients brought in from Alton, Moultonboro, and Ossipee. The State sends an orthopedic surgeon, a physician, a physiotherapist, and an orthopedic nurse consultant; the local district nurse and physiotherapist do the preparatory work and make the follow-up home visits. A far greater number of local children can attend when the clinic is held in Wolfeboro, and their parents can also attend and receive first-hand benefit from their children's examinations. Most of the cases are those which have shown up in the physical examinations at school, and are in the nature of posture and foot ailments, which, taken at an early age, usually respond to treatment and exercises.

One patient was hospitalized for early tuberculosis of the spine; and one was referred to a specialist for consultation about a cardiac condition. Arrangements were made for an operation in Manchester for a poliomyelitis patient. Arrangements were made for treatments by the hospital physiotherapist during the winter for an adult arthritic patient. Arrangements were made for lip reading lessons for one adult patient.

This being a report of district nursing service, it does not contain complete details of school nursing activities, which will be found in the school report. However, it is well to note here that school physical examinations done by Dr. Harold E. Gregory, School Physician, have shown a few defects and have met with the hearty approval of parents. The members of the Nursing Association are pleased that a physical training instructor is now on the Carpenter School staff, as this fits in with the Association's aim to let every child have the benefit of good health education and training.

Mrs. Dorothy Crosby has continued her good work as physiotherapist, working in conjunction with the State staff for the orthopedic clinics, making home visits before and after clinics, and supervising the children's exercises. For the first five months of the year she was on the payroll of the New Hampshire Society for Crippled Children; since June 1 the local Nursing Association has assumed the financial responsibility of all her work except for treatments for one chronic case (still under supervision of the New Hampshire Society for Crippled Children) and for polio victims (taken care of by the "March of Dimes" funds).

Beginning in September, 1947, the School Boards of Wolfeboro and Tuftonboro have paid directly to the nurse their budgeted shares of her salary, to meet the requirements of the Teachers' Retirement Board, in order that the nurse might benefit by participation in the retirement plan insofar as school nursing is concerned.

The nursing program has grown to such proportions that the directors of the Nursing Association have worked to relieve the nurse of as many non-nursing activities as possible. Along this line greater cooperation has been elicited from the State Department of Public Welfare to care for needy cases beyond the limitations of strictly health work.

Another policy which the association has tried to promote is the non-interference with parents' natural obligations to take care of their children insofar as they are able. In other words, the nurse is obligated to help present health education to children and to be alert to detect and recommend the need of medical care, but she is expected to leave the necessary treatment as the parents' responsibility whenever they are able to provide such treatment.

The membership of the Nursing Association has grown in the past year so that there are now approximately 250 members. The directors have had four regular and two special meetings; have invited the School Board members to attend one Board meeting; and have once been invited by the School Board to hold a joint meeting.

At the annual meeting in January, 1947, guest speakers were Dr. Mary Atchison of the State Crippled Children's Service, and Miss Florence Clark, State Supervisor of Public Health Nurses.

### STATE TAX COMMISSION

Concord, New Hampshire

November 14, 1947

Board of Selectmen  
Wolfeboro, New Hampshire

Gentlemen:

In accordance with the vote of the town an audit and examination of the accounts of the Town of Wolfeboro has been made by this Division. This audit covered the fiscal year ended December 31, 1946, and the period from January 1st to September 30th, 1947. Exhibits as hereafter listed are included as part of the report which is submitted herewith. The report is made up in three sections as follows:

Section I —Fiscal Year Ended December 31, 1946

Section II —Period January 1st to September 30, 1947

Section III—Statistical Tables Covering Ten Year Period.

### SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Parks and Playgrounds Committee, Road Agent, Trustees of Trust Funds, Municipal Court and the Water and Sewer Departments.

### FINANCIAL STATEMENTS

*Comparative Balance Sheets—Dec. 31, 1945-Dec. 31, 1946: (Exhibit A)*

Comparative Balance Sheets as of December 31, 1945 and December 31, 1946, are presented in Exhibit A. As indicated therein the Net Debt decreased by \$7,646.36 during the year.

*Analysis of Changes in Financial Condition: (Exhibit B)*

The factors which caused this change in financial condition may be summarized as follows:

Net Debt—December 31, 1945	\$90,008.33	
Net Debt—December 31, 1946	82,361.97

### *Comparative Statements of Appropriations and Expenditures—Estimated and Actual Revenues: (Exhibits C & D)*

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1946, are presented in Exhibits C and D. As indicated by the budget summary (Exhibit D) a net unexpended balance of appropriations of \$1,706.50, plus a net revenue surplus of \$4,554.16, resulted in a net budget surplus of \$6,260.66.

### *Statement of Indebtedness: (Exhibit T)*

A statement of indebtedness as of December 31, 1946, showing annual maturities of principal and interest, is contained in Exhibit T.

### *Summary of Receipts and Expenditures: (Exhibit E)*

A summary of receipts and expenditures for the fiscal year ended December 31, 1946, made up in accordance with the uniform classification of accounts is included in Exhibit E.

### *Statistical Tables:*

The third section of the report is comprised of statistical tables covering the ten year period from 1937 to 1946. These are as follows:

- I —Comparative Balance Sheets [See pages 82-83 of this report.]
- II —Comparative Statement of Indebtedness, Valuation and Taxes  
[See pages 82-83 of this report.]
- III—Comparative Statement of Taxable Valuation and Taxes As-  
sessed [See pages 84-85 of this report.]

## AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Proof of the Treasurer's balance as of September 30, 1947, is indicated in Exhibit AA.

## TAX ACCOUNTS

The tax warrant and tax sales accounts of Collector Haley were audited as of December 31, 1946 and March 12, 1947. Summaries of these accounts are included in Exhibits F, G, H, I, L and CC, respectively.

Examination was made of the tax warrant account of Collector MacMartin for the levy of 1947, and also the levy of 1946 for the period from March 13th to September 30th, 1947. Summarized statements showing the activity in these accounts are presented in Exhibits BB and DD.

The tax sale account was examined and a summary of this account, as of the date of audit, appears in Exhibit EE. There was no activity in the tax sale account between January 1st and March 12th, 1947.

Verification of a substantial number of uncollected tax accounts was made by mailing notices to taxpayers.

Summarized statements of the special poll tax account for the levies of 1945 and 1944, as of December 31, 1946, are contained in Exhibits J and K.

## TOWN CLERK

The accounts of the Town Clerks were examined and audited. All funds received by the Clerks on account of the issuance of motor vehicle permits and dog licenses were properly accounted for through remittances to the Treasurer, refunds, fees retained or cash on hand. Summaries of these accounts appear in Exhibits M, FF and GG.

## PARKS AND PLAYGROUNDS' COMMITTEE

The receipts and expenditures of the parks and playgrounds committee were checked and the Treasurer's balance verified as of December 31, 1946 and October 6, 1947. (Exhibits N & HH)

## ROAD AGENT

The road agent's payrolls and checks issued to employees and on account of materials and supplies during 1946 were examined. Proof of the balance (overdraft) in the road agent's account as of December 31, 1946, is indicated in Exhibit O.

## TRUST FUNDS

The securities and bank books representing the principal and unexpended income of the trust funds were examined. A summary statement of trust fund principal, income and investments is included in Exhibit P.

## WATER AND SEWER DEPARTMENTS

The receipts and expenditures of the treasurer of the water and sewer departments were audited. Examination was also made of the accounts of the collector for these departments. Proof of the treasurer's balance as of September 30, 1947, is indicated in Exhibit II.

## MUNICIPAL COURT

The financial records of the municipal court were examined. A summarized statement showing the activity in the court accounts for the fiscal year ended December 31, 1946, is contained in Exhibit S.

## GENERAL COMMENTS

Table II, titled "Statement of Indebtedness, Valuation and Taxes," presents a comprehensive summary of the financial condition of the Town of Wolfeboro during the last ten years and the changes which have taken place during this period.

It will be noted that the Net Debt increased from \$36,867.66 to \$82,361.97. The assessed valuation of taxable property increased by about a quarter of a million dollars. The average local tax rate increased slightly from \$3.51 to \$3.55 per hundred. The average local tax rate in comparison with the average tax rate for the State was as follows:

<i>Year</i>	<i>Average Local Tax Rate</i>	<i>Average State Tax Rate</i>
	<i>Per \$100</i>	<i>Per \$100</i>
1937	\$3.51	\$3.41
1946	\$3.55	\$3.47

Some suggestions and recommendations relative to accounting procedure were made to the officials during the course of the audit. These included:

### (1) *Tax Collector:*

When making remittances to the Treasurer of tax collections segregation should be made according to year of levy, property and poll taxes and interest collected.

(2) *Town Clerk:*

Remittances to the Treasurer on account of motor vehicle permits and dog licenses should be made monthly as required by law.

(3) *Selectmen:*

Careful attention should be given to the proper classification of accounts.

(4) *Water and Sewer Departments:*

It was recommended that the use of a charge ledger for the water and sewer accounts be adopted. This will set up a control for these accounts which will enable the bookkeeper to determine at once the total accounts receivable at any time without going through the individual customer cards as is now the case.

It was also suggested that a new type of bill with stub attached be used. This would give the bookkeeper a record of each remittance from which postings to the cash book and ledger cards could be made.

*Conclusion:*

The accounts of all officials of the town which we examined were found in good condition and the accounting procedure, with minor exceptions, conformed to the uniform methods prescribed by this Division.

The provisions of Section 31, Chapter 211, of the Laws of 1939, require that this report or a summary of its essential features shall be published in the next annual town report. This letter of transmittal should be included in its entirety but the inclusion of Exhibits is optional.

We extend our thanks to the officials of the Town of Wolfeboro for their assistance during the course of the audit.

Yours very truly,

(Signed):
